

MARKET PROJECTS

New Market Fair at Cité Martial

MARKET DESIGN

J&A knows Retail. From new construction to the renovation of Trade/ Market Fairs, we have built and renovated thousands of square feet of retail spaces. Repeat work from our satisfied clients, such as Municipality of Port Louis/ Curepipe, Vacoas/ Phoenix and District council of Moka/ Flacq is the best testament to the excellent quality of our work and to the quality of our relationship with our clients.

OUR PERSPECTIVE

To provide an orderly supply of goods to urban residents we care for an open plan, stall arrangement, natural light, easy access and exit, ventilation and no heat for better storage of perishable items.

Jay Sooredoo, The Director,
J&A Architects Ltd.

CITÉ MARTIAL

Client: Municipality of Port Louis
Location: Cité Martial
Project Value: 70 M
Design/completion: 2001 - 2005
Size: 3,000 sqm

NEW MARKET FAIR

Construction of a new market fair building at Cité Gabriel Martial for the Municipality of Port Louis. The Building accommodates space for stalls, shops, food court, etc on 2 levels to match sloping mountain side site. The long narrow site has resulted in several pitched roofs laid across the site coloured basalt stone wall mitigate the imposing masses of the roofs.

LE FORUM

TRADE/ MARKET FAIR CENTRE

Client: Municipality of Curepipe
Location: Curepipe
Project Value: 70 M
Design/completion: 1992 / 1993
Size: 5,500 sqm

The Government of Mauritius took the commitment to hold the COI trade fair in Mauritius but had no real trade fair building. The Municipality of Curepipe decided to take the challenge to put up a 5,500 sqm building to house this happening. The challenge was met successfully. More than 5,500 sqm of steel structure was built in 3 months on a marshy land during the rainy season

MARKET FAIR *

A design and build competition project where the constraints were covering the existing market fair with the least disruption to the holding of fairs and saving all the trees along the main road. This was achieved successfully in a record time of 6 months.

Client: Municipality of Vacoas/ Phoenix
Location: Vacoas
Project Value: 30 M
Design/completion: 1992 - 1993
Size: 4,800 sqm

MARKET FAIR *

A regional ground plus one covered fair in a tradition R.C structure to house vegetable fair on the ground floor and all other fairs on the first floor. A ramp is provided for access to the first floor for the disabled.

Client: District Council of Moka-Flaq
Location: Quartier Militaire/ St. Pierre
Project Value: 11/ 12 M
Design/completion: 1997 / 1999
Size: 3,000 sqm each
